The Evening Telegraph BUSINESS AWARDS 2009

Princebuild Limited win the big prize

Peterborough's business community came together on Friday 13th November 2009 at the Holiday Inn, Thorpe Wood, Peterborough for the fourteenth annual Business Awards organised by the Evening Telegraph.

Two hundred and fifty people representing the sponsors, judges and business finalists together with their guests met once again to see the presentation of eight awards to the area's leading companies in 2009. There were eight categories covering retail, the environment, customer care, contribution to the community, people development, business person of the year, small business of the year and finally business of the year.

The event is an important and prestigious date in the commercial calendar and, befitting of such an evening, saw the presentations hosted by no less than Sir Trevor McDonald.

We are delighted and very proud to announce that Princebuild Ltd., in the face of strong opposition, won the Business of the Year award, a magnificent achievement given that this was the first time we had entered the competition.

We have always held the opinion that our company is really special, that the employees are simply the best in the business and that we make a positive contribution to our industry and the communities in which we work. To have that opinion ratified by one's peers is testament indeed to the high standards we set ourselves and the quality of the product which we deliver to our valued clients.

17th November 2009
