

Press Release

Exam Success for Princebuild Ltd Employees

Following the completion of their studies Matthew Clarke and Patrick Watts have gained their HNC in Construction.

Matthew and Patrick joined Princebuild Ltd in July 2007 as Trainee Contract Managers after completing their BTEC National Diploma in Construction at Peterborough Regional College.

Patrick has been working away on a variety of large works projects whilst Matthew has been training to become a Contract Supervisor and Estimator in the Peterborough Small Works department.

Matthew and Patrick are to be congratulated for successfully completing the HNC course whilst undertaking the challenges associated with holding a full-time post. Not content with gaining this prestigious qualification they have both committed themselves to enhancing their training further.

Matthew and Patrick are an asset to the organisation and testimony to the excellent training policy of our company. We wish them every success with their future careers within Princebuild Ltd.
